

EcoUno

Less complexity.

More flexibility.

- ▲ Powerful stepper motor drive
- ▲ Precise digital motor control
- ▲ Low operating noise
- ▲ Long service life
- ▲ Compact design
- ▲ External release input

The EcoUno dosing pumps are perfect for process chemical dosing in surface and component cleaning systems as well as numerous applications related to water treatment, especially when time- or PLC-controlled dosing processes set the pace.

EcoUno dosing pumps are very easy to use and offer outstanding value for money without compromising on quality.

Technical Data

Equipment:	setting options: LEDs:	on/off, test operation, alarm
Material:	pump head / valves: valve balls: O-rings:	PP, PVDF ceramics, stainless steel FKM, EPDM

General Data:

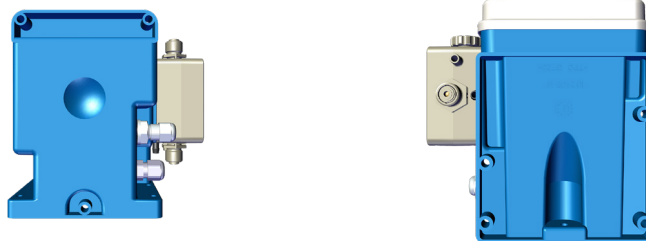

Pump type		5	11
dosing capacity min. / max.	l/h	0.05 / 4.5	0.1 / 10.5
max. dosing back pressure	bar	10	6
connection thread		3/8"	3/8"
reproducibility		± 3%	
max. suction height	m	2	
max. metering frequency	1/min	132	148
ambient temperature	°C	3 - 45	
power supply	V / Hz	115 - 240 ± 10% / 50/60	
degree of protection		IP 65	
certificates		CE	

Compact Design for Optimal Space Efficiency

space-saving arrangement in pump racks

Flexible Installation

wall and table mounting possible
